

Where I'm at

Posted by jerusalemsexaddict - 16 Jul 2009 19:45

To whom it may concern,

My name is Uri. I live in the Jerusalem area and I am a sex and love addict. This took me a long time to come to terms with, to say the least. But that we'll get to in a second.

I am finishing now my third year in Beis Medrash. While I have had success in my learning b'h, I have a source of shame and anguish that has caused me great depression on a constant basis. I lived (live really) two lives; my yeshiva/religious life which is the source of much admiration and pride from my parents and rebbeim. And then there is my "secret life", where I spend time ranging from 10 minutes a day to almost full off days fantasizing and worse acting out of all sorts. I feel like the world's biggest hypocrite. It bothers me even more because I find sincerity and honesty of the utmost importance, and I have to stand and watch myself trample all over these traits. After several years of therapy I have recently come to the realization that basically all of my "major" issues have come from this place. I have major issues in getting close to people and keeping friends once I feel that they know me too well. I have a hard time sitting by myself due to my uncomfortability of sitting with a unsatiable sex addict (however ironic that might sound). The need creeps up all too often, followed by a crazy need to satisfy it. There are several paths to this: porn, masturbation, contact with a sexual girl, and, strangely enough, eating out at restaurants, but that we'll get to a different time. Anyway, there is one main girl, as there always is. We have had the weirdest on and off relationship, to say the least. The jealousy and overprotection I had with her is still a shock to me even. Anyway I'm tired so I shall continue this

we have a fluffy dolphin called Berel

my little son if he behaves and Berel needs a shower, he gets to watch Berel spin around and around in the washing machine.

keeps the child busy for 30 minutes.

and when Berel tears at the seams,my kid bring Berel to my wife for surgery

see why we need Uri back?

LOL Hey Yechida, I didn't know you could be FUNNY! ;D ;D

Rage, those big spaces are chewing up all the space on the GYE server!

Uri... If your initial success in beating addictions is to be any indication, I don't believe you'll be

Kedusha... I am sensing that the Olam would prefer less edits... I guess we gotta go with the majority, so if you need to edit something, maybe first make a "poll" if everyone thinks you

The term 'scary' doesnt even start describing you guys.

Newest poll: Who thinks "fluffy" is a flaky name for a fish?

And "flipper" the cat?

If anyone sees kids walking around on their heads, return them to RAge. No way his kids are'nt confused individuals with 'fluffy' and 'flipper'.

I will try not to make edits in borderline cases. However, generally, all edits are made pursuant to the [GYE Forum rules](#). Although I drafted and compiled those rules, it was R. Guard who implemented them. However, these rules are a work in progress. When everyone was given the opportunity to comment on the earlier set of rules (for moderators), we got few (if any) serious comments, which caused R. Guard to delete all the comments and lock the thread. Because of that experience, the new thread (rules for forum members) was locked from the start. I think that was my decision, and I regret it. I'll temporarily unlock the the thread, to give everyone the opportunity to comment on the GYE forum rules.

Please make only useful comments. All jokes and irrelevant posts will be summarily executed. Useful comments will remain posted for as long as they are needed to consider implementing them, but no less than 72 hours after the comment period closes. If everyone helps contribute to the rules, there might not be as much resentment when they need to be enforced.

All comments must be received no later than Thursday, October 22, 2009, by 9:00 P.M. ET.

dolphins have little bones that are hard to fillet and mermaids have all that skin you need to remove...i love tuna...mmmm...grilled tuna....

Now, Rage, how are we going to an ?? ??? ????? if we can't properly fillet a mermaid? I always thought that the problem with OU tuna was the dolphins, but now I finally understand the blond hair I found in one last week...
