How can my words compete with all of this?

How can my words express the change within me?

You turned on a light and helped me fight the darkness!

As ToAdd says, it is so hard to put the Hakoros Hatov we all feel into words.

H" knows what special zechusim Guard has.

We all know what Guard has brought to our lives. immeasurable.

All I know is that if I had a zillionth of 1% of the Guard's Oilam Habah, I would be very happy. I hope that with whatever remian of my life I can strive to help people in the same way that Guard has helped us all.

A huge Y'yasher Koiach to him (and all the moderators, filter Gabboim etc etc.)

After seconding all the positive things said above (FWIW, I have not been a big user of the forum, but I have had private communication with R' Guard in which I am just in awe of his dedication and skill...) -

I am not sure that I am the one to say this, but I suspect that the ultimate way we can show appreciation is by easing the financial burden and donating to the cause.

I think what me3 tried to say just now is that Guard is spending his vacation time with the BAHEIMOS (vilde chayos). Which would be a note of admiration, eh? He could be on a real vacation and he's raising funds for US and spending time with US. Wow.

Unless you really have gotten back in touch with your inner sarcastic, me3. I wonder if there's a 12 step for that. Nahh, it would have to be a 9-step -- sarcastics would never make it to 10. Oy.

Here is an example of why WE LOVE THE HEILIGER GUARD!!!

[guardureyes wrote on 04 Oct 2010 21:53:](#)

..... We had a 2 hour meeting today with the head of Jnet (who is in Israel till tomorrow), a big Rosh Yeshiva and Roshei Kollelim who are looking to bring filter solutions to the American community here in Eretz Yisrael. Then we got back to the office and followed up with some donors on their commitments, then we spoke to 3 web developing teams in the U.S and Israel

to try and find the right UX/UI guys for our website design, then we wrote up a page of all our web-site elements for these guys to review, then my partner went back home while I continued working... I spoke to a guy in Canada who wants to try fund-raising for us and guided him through our presentation, I spoke to a designer in my community who may be the perfect guy for the web-job we need, and I spent two hours on the chizuk e-mails.

It's 12 AM now and my wife is complaining that I don't spend any time helping her in the house.....

Oh, and tomorrow we have a meeting at 9:30 AM in my office, and another meeting at 1 PM in Bet Shemesh....

It's hard to be guard.
