

HELP-SOS

Posted by pinokio - 27 Jan 2011 17:35

Shabbos is coming. This holy day unfortunately always throws me into depression. don't have time now to explain why, but point is its starting to set in my little brain right now.

I need support from any hands on deck at GYE. Im working on the inyun and am not gonna fix it overnight, but i just need a little friendship to keep me till motzai shabbos. Not embarrassed to say, and Im anyways gonna decide now that i wont let my feelings get out of control, hashems with me, and everything will be alright. ill be besimcha as best as i can. this isnt gonna be some amazing profound 100page thread, its just right now i need a little, yeah, you know already.

Ive gotta log off but will check later.

Help.

i love the metaphors and cultures dropping in here and there

clothes-pin-killer-whale-at-the-tuna-can

one nostriled divorced bathrobe flying mekubal

hovering jedi in galus

night shift as motz in pizza uri

shows up with the orange beard in tow at the kollel

to take on the world as the sayeret matkal for the gedolim

afternoons in the boxing rink

Tzadik90, we need you to mediate between all these and bring about world peace

zem, i think you can consider yourself my talmid muvhak.

punctuated by trips to the makolet for chocolate pit stops

come to the pizza shop by chatzois, where we can turn into werewolves by doing kiddush
levana and learn etz chaim together with boxing gloves.

instead of suggesting im so well rounded in culture, im glad no one concluded instead that im
just..... a schitzo!

three days ago i fell

i saw that you gotta wait three days till u jump back on the chart

yh said okay, 3 days to party hardy (it makes no sense!so am i a schitzo?...)

so i fell too many times for comfort in a blitzkreig fashion

and btw, yes, hitler was for sure a lust addict

then, i did stupid things, mamesh. i borrowed a hard drive from bochur w/ 400g media, and copied some miami boys choir from 100million years ago, a mendy wald song, and then.....gulp.....the doors.....hendrix.....aerosmith lust rishaim inc.a few movies....

here i am a father and chashuv orange bearded guy, ive got shomer emunim in my bag for cryin out loud!

so i sat now on the egged green bus w/ my netbook and offered some karbanos....

purple haze...delete

riders in the storm....delete..

cant believe i did this but hey it was part o me for my youth, wasn't it

now, from the mikva with my karbanos offered, im gonna go into the bais med. now and see what r' ahrele has to say about life, and jimmy hendrix....

itll happen

itll happen..
