

SHAVUOS

a gut Yom Tov to every one;

we should all have a "Kabolos haTorah b'Simcha ub'Pnimityus!!";

as the Lubavitcher Rebbe, Z'chuso Yagen Aleinu, was accustomed to wish people with the
oncoming of Zman Mattan Toraseinu;

during which he also urged that EVERYONE, even small infants, should be present in Shul
during the reading of the Asseres haDibros, based on a medrash that each and every year,
during that reading on Sh'vuos, it is considered as if we are actually receiving the Torah right
now from Hashem, hearing the Asseres haDibros from Moshe Rabeinu on Har Sinnai!!
