

Shmonah Esrei

I heard a nice, short idea:

We should have extra Kavanah during the bracha of *Yehi Ratzon*. The *Yehi Ratzon* are like our *Yehi Ratzon* that we once wasted, and we are thanking Hashem for gathering our *Yehi Ratzon*, i.e. Hashem helped us in our path of no longer spreading out the children of Israel.

The 3rd letter in the words *Mekabetz Nidchei Amo* are the letters of one of Hashem's names: *Ches Beis Vav* (*Yehi Ratzon* is written without the first yud). The Kabbalists explain that this Name refers to Hashem's 'correcting' the *Yehi Ratzon* that we wasted.

These same three letters (in their proper sequence) are also the next-to-last letters of the words *yachad mei'arba kanfos* earlier in that same bracha in Shemona Esrei.
