

torah from aish

Posted by aish kodesh - 26 Nov 2010 01:37

rashi says on yosef hatztik he was alone in the house with her "lasos mlachto" he was

ready to sin just his fathers face saved him ,

i think we can learn from yosef hatzdik ,its never to late to fight back even if we almost

fell thru ,hashem will help us pull a fast one ,

and what about our father we will have to give a din vchesbon on all our deeds ,how will

we face him ,how are we going to answer why did you do it ,

nes chanuka never give up

Posted by aish kodesh - 02 Dec 2010 00:45

the famous Question why is there only by chanuka a mitzva of mhadrin men hmadren ,

very similar as others have said here on the Forum

When the yvonem destroyed everything in the bais hamikdosh ,they lost hope ,until they

searched and searched and found the clean oil,it symbolizes our neshamos we can

never give up hope ,there is always a wayout no matter were we are ,we will find a

wayto bring light to the world and our neshomos ,and hashem will make a nes and it will

be something much greater then our little deeds ,that's what bais hilal says we are

malen bkodesh ,just light a little and hashem will bring a stonger light
