---

Duvid Chaim, you don't know the kind of impact your making on us! Huge!

Hehe... Got you there on the title! Didn't I? :D

I had in mind to say this over today's call, but I want it to be heard even by those members of GYE who are not *yet* participants in the group:

At this point in the program where I stand at one of life's major crossroads (as some of you may or may not know), I want to personally thank each one of you on the calls - including those that sit quietly in the background. The support and guidance that I'm getting from being a part of this group has helped tremendously in directing me towards making good decisions - decisions that will lead me to a more happy and healthy lifestyle. Most of all though, I must pause for a moment, remind myself, and direct my attention to the one and only who is responsible for any outcomes - Hashem! Thank you Hashem! Hashem, who knows best, has painted such a beautiful picture around me. I'm glad I was given the eyes to see it!

I'd like to finish, that the experiences that I've had - the impact of this group - bringing good things into specific areas of my life, will happen to you as well. All of us are very lucky to be a part of this group, and I thank my addiction for bringing me here. B'ezras Hashem we will all see good things!

With love to all,

Tomim

Tomin

That was both Beautiful and Powerful. The kind of feelings you expressed are the kind of feelings you hear only from people who have returned HOME.

WELCOME HOME!

Duvid Chaim
