

Did anyone attend The Possible You Seminar?
Posted by shemirathabris - 31 Mar 2017 19:59

Hi all,

I was thinking of maybe doing Rabbi Yom Tov Glaser's The Possible You Seminar. Has anyone heard of it or attended?

I think the seminar could be a good way for me to get past many of my emotional blocks, which are becoming more and more evident especially with therapy. B"H I'm in a really good place, but I'd really like to work past many of these blocks and grow and just come closer to my real self.

Anyone have any thoughts or feedback that might be helpful? Thanks in advance!

Hi I know I'm answering a few months after your question, but if you're still thinking about it I took it and can give you info.
