

Just a word!

I heard a nice Word from ?' ????? ?????????? which might be a chizuk for all of us, so i figured ill share it.

there was a ??? who owned a huge vault of tons of gold, silver, diamonds and what not, but the vault was a total mess, so he asked one of his employees if he would like to be in charge, and clean up the mess, put everything in place, have an inventory count of everything, and besides being paid a nice salary he can take home what ever he wants, so the employee replied that he has to think it over, because its a very hard work, a lot of hours, and many more lazy answers, so ?' ????? asked, could that be more a ??? ??? of such a guy?

the ????? is, that hashem told us, that to fight ??????? is treasures, thats what he wants from us, and for every fight and win in our struggle is not only we get paid for the win, we get paid for the fight too, so could that be, more ??? ??? not to fight our struggle? its a double win..

I just learned a nice word on the parshe, from ?? ??????? ???????, the medresh says, there was a perfume street pedlar who was announcing in the streets, "who want to buy medicine which guarantees life" "who want to buy medicine which guarantees life" so R' Yane came out, that he want to buy, so the pedler told him that's not made for him, he took out the ?????? and showed him "?? ????? ?????, ????? ?????? ??? ?????? ?????, ??? ??? ????? ???.

What did this pedler sell, he was selling perfume, a ????? is selling perfume, what is the signs of a good food and of a rotten food? the smell, good food smells good, and rotten food smells bad, so when someone is spoiling his ????? and his ????? he gets a bad smell, because his ????? is getting cut off, if someone is not watching on his speech, he is disconnecting him self from his ????? the ????? says on ????? ??? - ????? ?????? and if someone is not watching on his ?????? ?????? he is also disconnecting him self from life, as known that ?????? ??? comes from all parts of the body.

and that's what the ????? was selling, who wants to get perfume, which shows sign of life, a good smell? ????? ?????? ???, watch on your speech, ??? ??? ????? ??? watch on your ?????? ??????, the you will have a life, a good smell.

so my rav said this, at pirkei uvois, nobody can judge and scale how big ???? are, we know that ??? the cleaning takes weeks, ??? with all the ??????, we do a ??? which goes in all the emotions, and the same by ?????? ???? and sikkah, ? ?????? and many more, so we think that does are very big, but when it comes to ?????? ??????, its only a few words, after ?????? takes just a few seconds, and we are framing to our self so much big things,

we say ?????????? ?????? ?????? ??????????????, ?????????????? ?????????? ?????????? ?????????????? ??????????, ?????????? ??? ?????????????????? ?????????????? ?????????????? ?????????????? ?????????????? ?????? ?????????, its not enough plain ??????, we need the one ??

then we say ???? ?????? ??? ?????????? ?????? ??? ?????? ??????????????. in all upper worlds up there, also good

and we ask to get cleansed in all form and shapes ?????????? ??? ???????????????,
????????????????, ?????????????????, ?????? ??? ???????,

and here again, we ask ?????????????? ?????????????????? ?????????????????? ??????????????,.

so what we can see how big a mitzvah can be, just a few words, just a few seconds, and how big it actually is,

so my partner add to this: that doing a Mitzvah we can do ourselves and each and everyone on their own level but getting holy we all need help from Hashem.
