

LUST OR DISGUST?LETS DISCUSS!

Posted by ieeyc - 25 Apr 2018 23:39

I dont have the leshonos in front of me ,but here goes.

The Gemara says that an isha is like a untensil full of feces and blood,but nevertheless everyone is running after her ,how i this so? Gezeras Melech he! Which means,in order for there to be a continuation to mankind, Hashem decreed that men have to be attracted to women (and the decree is being obeyed pretty good!) eventhough in reality, its something to be disgusted/not lusted .

Does this mean that women dont or should not be respected?G-d forbid to suggest such a thing! A nonjew is Tzelem Elokim-Made in the Image of Hashem,and a Jew has that, **plus** a Neshama Kedosha,so respect upon respect is required(unless that person is a rasha meroosha).

Does this mean that i **MUST** lust after her?(hey a decree is a decree).G-d forbid to say **that** ,Viatah timshol bo! and you will/should conquer him (the yetzer hara)!

So my main question is where does this leave us, regarding the temptations of the street? And in what practical way can we make use of this precious secret from Chazal?(and it **is** a secret because suggest this idea to someone who is not ma`amin in Chazal and ask if they agree to this ,or are they **vehemently** opposed.)

To be continued ,be`ezras Hashem.

thank you for your post i have something to give serious thought about,

1.my posts may have annoyed you, i apologize, but i have recieved thanks for them from a nice amount of people who wouldnt do so publicly for personal reasons,my email is on my profile,

3.the posts that i try to write on Torah are pretty much self evident to be true, but are just not reviewed too much and therefore forgotten and do give a boost in battleing this yetzer hara, i dont think one has to be a 90 day clean person in order to say an encouraging vort,do you read the public chats or only the things on the forums?if someone is annoyed by someone saying a dvar torah ,who might be a sinner,but trying to get better , instead of saying an idea from sa, may be suffering from what chazal have foretold that before Moshiach comes yirei Hashem yimasu ,not that im saying that i am a yorei shamayim, but i am saying things from the mouths of yorei shamayim and people are disgusted with it, if i said a joke with a little leaning of dirt in it id be very not annoying and popular to some people, wont mention names but they post on gye and their cronies chuckle at it and its more than one, i wouldnt say there are many BH,but there are, and by the way ,sorry for a sinner like me to say this but i get annoyed by them.would anyone dare tell them to shutup?! only on words of yiras shamayim will you hear it. an off color joke from a luster whos trying to get clean , a chuckle, a true vort from a luster whos trying to get clean ,at best cold silence,sorry for the strong words.

Couldn't find either just one torah thought about a flood maybe I am missing something here I'm certainly not computer savvy so help me out

hi a yidel, one is on the public chat 1:45 am june 3rd ,it got interrupted by someones conversation,i really tried hard to post it when there was a relatively decent amount of time that no one was in a conversation, i dont like interrupting, its just the way my parents brought me up i think my posts werent showing up on their screen , the public chat is having other glitches like the yiddish posts appearing and disappearing , there is another dvar Torah at 10:30pm june 3rd the other is on the BEIS HAMEDRASH thread entitled IS HISTORY REPEATING ITSELF? i hope you get a chizuk from them,hatzlacha!thanks for showing interest.

1.my posts may have annoyed you, i apologize, but i have recieved thanks for them from a nice amount of people who wouldnt do so publicly for personal reasons,my email is on my profile,

2.with all due respect ,and i mean it, there are things that are posted by respectable people here who also annoy people,although it is deffinitely not their intention,how about all the people that find me annoying , take my permission not to read them, i purposely skip over posts that in the past annoyed me,whats the problem do they have some kind of curiosity addiction or something?

3.the posts that i try to write on Torah are pretty much self evident to be true, but are just not reviewed too much and therefore forgotten and do give a boost in battleing this yetzer hara, i dont think one has to be a 90 day clean person in order to say an encouraging vort,do you read the public chats or only the things on the forums?if someone is annoyed by someone saying a

4.id like to know, if i get banned if i post my posts , is it against gye rules to reregister under a different username?i havent seen that rule ,i might need it.not that im planning on posting anything that deserves banning but seeing the reaction im getting from some posts ,and seeing what happened to other posters ,i want to prepare,if you dont respond to this question ill assume that its permissible.

5.does the gye tech team have the capability to know my identity,and do they use it, i need to know before i consider posting my private issues.

thank you.

does anyone know if dov is in town?

Dear Mr byebye/gyegye/ieeyc or whoever you are,

I'm sure you have noticed that certain people are annoyed by your posts and Markz has already notified you of that in manner or another, as have other people here on the forum.

Why would you 'reach out' to him by *challenging* him in any fashion at all? Don't you realize there is a history here and don't you realize that you have been repeatedly acting oblivious to other people's annoyances about your posts - and I hope you realize how that can annoy them even further. Maybe you don't realize that you have annoyed people by posting certain things. And maybe you also don't realize that people who are annoyed at you will be annoyed even further when you pretend as though you've never annoyed them at all. And maybe you don't realize that issuing a challenge of sobriety to somebody else who has already expressed annoyance, is basically tempting fate.

That's a lot of things you might not be aware of that I think most people may be aware of. We all have things to learn. I've got a lot to learn about time management and reliability, for example. There's no shame at all and your having a bit to learn about communication and other people's expectations.

Before you continue posting, I suggest that you educate yourself about these matters. The Rov who you mentioned you had talked to before would most likely be a great place for you to start. You wrote that he is wise. (Perhaps he himself is a sexaholic in recovery where we all learn a lot of wisdom...I know a few Roshei Kolel who are Sexaholics in great recovery for years and have grown very wise indeed, bH). Please try opening up to him about the way you interact with others and the chalkebgges youve had here, and I'm sure he will be able to explain this stuff to you in a way that will be kind, meaningful, and helpful.

You deserve better - and so do some of the people you interact with, chaver.

I wanted to post this publicly here because it has been affecting people here in a public way. **Any** more discussion you want to direct to me, I ask you do **only through Private Messaging**. I'm going to try to avoid responding to any of your posts, at least for a while. Perhaps a 30-day challenge will do.

And I think that it would be an effective demonstration of your good will and insight, if you do not respond to this post at all on this thread, but again, *only* through PM.

Hatzlocha

thank you Hashem Help Me , for reaching out,i enjoy your posts very much, its a pleasure to post a response ,i really appreciate your validation ,cant believe you wrote what you wrote,you gave me chizuk .i hate to bring this up, but if question #5 that i asked cant be answered,im afraid that i cant disclose my private challenges,a pity(for me),**one of the things my Rebbi ztl, when i disclosed to him a personal challenge, told me was to be VERY CAREFUL to who i tell things to in these inyanim,my Rebbi ztl was a big pikeach,Tzadik, and Talmid Chacham, and he heard alot of stories**,even though someone has a mistake about me , it still got me thinking,is it safe to post here?who knows what people who are more computer savy then me could figure out about me, im not ready to come out in the open like dov or others, i wish i had the confidence, but unfortunately i am lacking in it. so what am i doing here on gye if im not posting my issues?

1.im getting tremendous chizuk from those who were/are posting and are amazingly saying no

to themselves time after time.

2.chatting things out with others ,in a more private way is very therapeutic.

3.there are a ton of great suggestions here given by the chevra.

4.posting a chizuk and have a give and take with posters in an unintimidating way.

so for me gye is still a great resource in recovery.

looking foward to reading additional posts from you,hatzlacha and kol tov!

hello everyone , someone just brought to my attention that what i wrote regarding my Rebbes Z"L advice to me about not disclosing secretive things ,gives the impression that i had done some kind of illegal act,so i am coming now to clarify that my problem was something thats common among unmarried young men ,fantasies ,etc..., so he told me be careful, there are some malicious people out there who want to ruin shiduchim etc. now that i posted this

good night,byebye.
