## Violated when I was young Posted by collel - 24 Feb 2012 13:27 Hi everybody, Sorry for my imperfect english. I m married and I have 4 children, I m a baal techouva an became orthodox since 15 years. When I was a child (4 until 6 years) was raped(violated) by my sister who was older than me of 9 years. I lived with it since my childhood, but I was always perturbed by the sexuality and the pornography. I never told anyhing to my parents. Is there anyone in the same case?
