: what kind of gayvah is this? who cares if you're choshuv or not? just do the right thing.

lets do the musar together,

did you say in the morning ???? ???? ?? "?????" ??? ? is this gayvah?

did you say ???? ???? ???? , ???? ???? ???? ? is this gayvah?

we will davn shavuos ??? ???? ???? is this gayvah?

this is just realizing the gift hasham gave us called nashomah !! so now we can do the right

so what is gayvah? let see what's the conception of the pala yoetz

???? ???? ???? ?? ??? ???? ??? ???? ?? ??? ??? ???? ???? ????' ?? ???
?????

we dont know the definition of gayvah but, at we look on the consequence we can find anger, resentment, etc. so we can identify what's gayvah, mussar voice

so we can find that real gayvah is self-centered, selfishness, ego, shows up in anger,

so together we will get rid from all that stuff

??? ?? ????? ?????? ?????? ????

As a fellow yungerman like yourself, I have actually found that cutting down on my learning time outside of seder (especially Friday afternoons when I used to learn till 5,6 o'clock) and involving myself in recreational activities such as long bike rides has proven to subdue my taavah for lust and instead increase my feelings of fulfillment and happiness in different ways. This battle is far more important to me than my hasmadah at this point and Hashem knows good and well that all my time used on recreational activities is 100% leshem shamayim. Sometimes bitulah zu he

kiyumah.

biking + mp3 + kolhaloshon.com = taynig haguf n'haneshama

no need for bitulah zu he kiyuma, let's leave that for the necessary bein hazmanim afternoon
