

Mon histoire, mes combats

Posted by Yirmeyahou - 25 Jun 2013 21:47

Shalom à tous,

Je suis un jeune Juif français et je me permet d'écrire sur ce forum car le forum français ne fonctionne pas, et je parle pas très bien anglais. Si besoin, j'utiliserai google traduction.

Voilà, je me débat avec zéra lévatala/Masturbation depuis l'âge de 12 ans environ, et la pornographie depuis plusieurs années également. J'étudie la Torah, mais je sens que je mène une double vie, et ma vie avec Hashem en est affecté. J'ai beau prier, crier, pleurer, je n'arrive pas à me débarrasser de ces péchés. J'ai aussi un problème avec mes yeux, je regarde souvent les femmes, je n'arrive pas à résister, c'est plus fort que moi.

J'ai regardé le site guardyoureyes, mais je ne comprend pas comment je dois travailler les 12 étapes. Pouvez-vous m'expliquer comment les appliquer ?

J'ai lu beaucoup de témoignages de personnes qui sont propres au bout de 90 jours, c'est un véritable miracle, car moi le maximum c'est 2 semaines et j'ai craqué, c'était trop dur.

Je ne suis pas encore marié, mais j'espère être guéri de cette maladie spirituelle/physique avant mon mariage, pour ne pas amener ce combat dans mon futur couple. Aussi, j'ai tellement fait de masturbation et de pornographie que j'ai peur que Hashem ne me donne pas mon zivoug, pour me punir, c'est une grande crainte.

Je demande donc votre aide pour m'aider, je ne sais plus quoi faire pour m'en sortir.

Toda raba par avance, et qu'Hashem vous bénisse, Shalom Aleikhem.

Shalom to all,

I am a young French Jew and I can write on this forum for the French forum does not work, and I do not speak English very well. If necessary, I will use google translation.

Well, I debate with Zera lévatala / Masturbation since the age of about 12 years, and pornography for several years also. I study the Torah, but I feel like I lead a double life, and my life with Hashem is affected. I'm praying, screaming, crying, I can not get rid of these sins. I also have a problem with my eyes, I often look at women, I can not resist, it's stronger than me.

I watched the guardyoureyes site, but I do not understand how I have to work the 12 steps. Can you tell me how to apply?

I read a lot of testimonials from people who are clean after 90 days, it is a miracle, because I maximum is 2 weeks and I fell, it was too hard.

I'm not married yet, but I hope to be cured of this disease spiritual / physical before my wedding, not to take this fight in my future couple. Also, I have done so much masturbation and pornography that I fear Hashem did not give me my zivug to punish me, this is a great fear.

I ask you to help me, I do not know what to do to get by.

Toda raba in advance, and HaShem bless you, Shalom Aleichem.

ENGLISH (google traduction)

There is little time, I signed up on a dating site because I was exhausted, the satan has convinced me that at the point where I was, so go through. I know I'm capable of, but until now, Hashem protected me.

But for how long?

I'm 24, I've never had a girlfriend, I can not make a girl laugh, I can not find anyone, and I'm afraid to end up alone. And Satan uses this to try to make me fall, and I often pass close to disaster. I often said that I do not have luck with women, and it works me consciously and unconsciously.

To tell you more, I have (yet another problem () An abyss of lack of confidence in me when I was young, my father divorced my mother, and he had several girlfriends It beucoup has destabilized me and I grew up with "psychological deficiencies," and developing fears, fears and anxieties, which I still have today.

I created a fortress around my whole being, and my heart, to suffer no more. But without knowing it, I also signed my own destruction. I am a fortress, and inside I'm completely destroyed: my emotions, my thoughts, my heart, my desires, my goals, everything is shattered.

I do not even have a desire for my future.

Hashem seems to me far from my problems: (

Number one for you is not to let yourself get depressed because of this.

I'm hearing a lot of negative language in your posts.

One of the Yetzer Hora's favorite tricks is to make us feel worthless because of our sins; to make us feel hopeless.

We all know how hard it can be not to look at women, and to give up porn and masturbation. Pray for help. Hashem is very near to you and waiting for you to ask Him for help WITH THIS PROBLEM.

Do your part. Guard your eyes and your mind for one day. One day at a time.

Hashem loves you. And there is a woman out there who is going to want to marry you when you meet.

Bienvenue!

Alex

@ AlexEliezer : toda raba. Yes I've always had a spirit of depression, and even more since I fell into pornography. I pray to Hashem for this but it is very hard to remove.

I try to keep my eyes and my heart every day, but I'm a roller coaster. One day I get there and I think it's a "spiritual", then the next day I fall miserably.

It's hard to feel the love of Hashem in all these time, it often feels abandoned, to fight alone.

@ gibbor120 : toda raba. I hope one day to overcome as you reaching for weeks, months and years to clean !

For starters, how to work the 12 steps ? For example, step 1, what do I actually do ?

Hi Yirmeyahou!

Welcome to the forum.

You

I created a fortress around my whole being, and my heart, to suffer no more. But without knowing it, I also signed my own destruction. I am a fortress, and inside I'm completely destroyed: my emotions, my thoughts, my heart, my desires, my goals, everything is shattered.

I do not even have a desire for my future.

Hashem seems to me far from my problems: (

I joined this site 16 days ago. Before I joined, I was ready to give up. Everything. I couldn't see how I would ever get over my addiction, and therefore I saw no point in even trying. I was furious with hashem for letting me fall so far. I joined Guard Your Eyes as a last attempt, to see if anything could pull me up. I was not interested in hearing anything to do with fixing my relationship with hashem, and part of me still isn't. That is something that I have to learn to deal with separately to my addiction. But since joining, my life has become amazingly better. I have not fallen in 15 days! I am feeling cautiously hopeful about finally breaking my addiction, and all this is thanks to Guard Your Eyes and its members (also some hard work on my part:))! I think that a lot of it has to do with opening up to other people and being completely honest. No longer hiding what I am but bringing it into the light so that it can be fixed and taken care of. There is a TON of useful information and advice on this site so try translating as much as you can! I think that gibbor120 or other experienced people can point you to the relevant posts for you better than I can, so I'll leave that to them.

Kol hakavod for joining!

I think that once you deal with your addiction, the "relationship with Hashem" will fix itself.
