I know that one is not required to follow every thread for the purpose of sobriety, but I do feel a bit remiss that I haven't the slightest idea of what is going on at this thread.

1. Who are these bearded people?
2. What is it that they are drinking?

3. Who is this Tzirentcher Rebbe?
4. Are the people on this thread struggling with issues?
5. Are they in the process of becoming clean?
6. What happened to Belz?

Thank you so much

Any assistance would be appreciated.

Does the Rebbe mind that I compromised his anonymity? Also is Blue Label similar to Woodford? And, do they sell Woodford in cans?

Serentcher Roov! I don't believe it! Now I realize why it sounded so familiar to me! His sforim "Chelek Levi" on Shas and Shu"t, are on the list of seforim that I like to have people believe I

know by heart... How could I not have realized until now?!
