Welcome Dans41,

You remind me of some of our holy sages (see Talmud Brachos 20a) who volunteered at the Ladies' Ritualarium. But they seemed to be able to manage it somehow. If you find it problematic, perhaps you should follow the old rule: If you can't take the heat, stay out of the kitchen.

Anyhow, welcome again, and good luck on your quest for sanity. Stick around and you'll surely gather some words of wisdom to help you along.

Hatzlacha

Welcome dans41!!!

We're all going through the same thing, more or less. You can make yourself comfortable without worrying about being looked down upon!!

What's your story? How long have you been into the porn and masturbation? Have you tried to really stop?

Don't be a stranger!! This could be a turning point in your life (as it was in mine)

KIT!!
