Is there anything in the continuation of the article about lust addiction / porn / or even shmiras einayim??

If there is not why would it be relevant to this site or its users/posters specifically?

I'm not saying it's not an important subject, but just asking what's the specific relevance?

Ain Haci Nami-there are no guarantees when it comes to Shalom Bayis, just like there Hakaras hatov is an ongoing obligation with no statute of obligations.
