

SO MUCH PAIN

Posted by iwannabeholy2015 - 20 Apr 2015 09:00

HI EVERYBODY! It goes completely against my nature to put my problems in the open but hey maybe it will help. I HOPE I DONT BORE YOU.

I just want write to you my situation to see how I can get out of it.

When I think about it I was masturbating from a very young age without realising what I was doing as I got older it was a comfort when I was upset hurt ect it was my escape.

When I was 14 I discovered porn and I used to act out and for years I battled with it paying large sums to tzdoka fasting ect I was in so much pain learning well but having these awful slips.

At one point I went to discuss it with a maggid shiur in my yeshiva he told me to stop listening to non jewish music and magazines after that I never bothered asking anyone again and just tried controlling myself but kept on falling from time to time.

(i have no doubt its affected my learning my life and now my marriage I NEED IT TO STOP)

Before I got married I thought ok now we are sorted thats just what I needed a wife I know that sound awful but.....

I feel so bad now for my wife because I had always been controlling my urges now once I started my body just needed it it must of been very diifcult for her shes IS VERY SPECIAL but when she was a niddah id find myself acting out again eventually after a while i got into my normal routine of self control and was acting out around 4 times a year.

Than we had a child who is very disabled and at this time when i was meant to be closer to hashem my struggle over the last years has been more intense i found this website i tried the taphsic method but kept on falling through it.

Now my wife wants another baby and I am not intrested in bringing another child into this worlds when i cant even control my yetzer i need to be totally clean for a year first.

so I came back to gye 2 days ago and read it very carefully and eventually realise we are dealing with an addiction which is painful for me to accept because i like to think im a clean person in control of myself.

What I am asking you now is I am ready to work hard to get out of this where should I start ? and is it truly possible? and do I have to talk to my wife about it would break her heart

Thanks for reading please help

Heard from Rav Matisyahu Solomon (he should have a Refua Sheleima):

"Bechira doesn't mean being able to do what you want, it means being able to NOT do what you want."

Thank you everyone for your tough true words.

I have stated the 90 days again.

This seems to be the cycle of my life at the moment I can stay clean for 3 months than I fall just now bh the fall is shorter and less serious, but still a fall!

I wasn't saying that you specifically should give up anything in particular. My point was that if you're serious about recovery, you should be honest with yourself and try to identify websites or situations that cause you to end up chatting with strangers, and avoid them like the plague. Not just the chat sites, but the sites where they have links to them as well.

Dear all at Gye.

I have not been on here for sometime, thats one of my problems!

Rosh Hashana and yom kippur and I was full of hope for a clean year.

I have been up the entire night on schmutz and I cant understand what keeps happening literally every 3 months I find a way to fall. The only positives are they are maybe becoming less intense and I have not been moitze zera levatola since peasach(if anyone remebers from my thread that i will not do under any circumstances for 1 year.

I dunno I feel so weak right now I feel my entire life will be like this!

I have tried everything im just not strong enough to keep it up i get complacent!

Websites that would crash my shiny 18 wheel truck include sports and news websites, I could never get sobriety by stick in' on those. Can anyone? Am I wrong? Please correct me

Boy I love followin' the news and enjoy sports even more, but I've been gone from those for many years, and I ain't turnin' back

My dear friend, p'haps think about makin some changes when you change your name to

I think I understand where you are coming from and can relate on certain levels. You set a bottom line for yourself and you're keeping it. The one year no matter what. However porn is not in your bottom line. I'm not saying that it should be or not, but I think you deserve credit for sticking to the bottom line that you have been. The fact that your causing yourself unnecessary turmoil and making your struggle harder is another issue that you may want to think about. The other thought that comes to mind is take it one day at a time. At least as to the porn watching. Know what I'm saying?

a question: How many times have you been full of hope only to fail? If that has happened often, maybe being full of hope isn't all it's cracked up to be?
