sholom chaverim,

rav nachman said if you beleive you can mess up beleive you can fix yourself

thats the point. Everbody believe's they could mess up if they want, most people don't beleive they will...so the same beleif that enables you to conciously destroy yourself should be used to fix yourself!

I believe the converse would have to be "Everybody believes they can fix themselves if they want, but most people don't realize how messed up they are!"
