

how to have a proper and frum intamacy??

Posted by didannotzach - 11 May 2016 06:04

i am 24 and i want to get married but i am worried that i will not know how to have intimacy the proper way. im afraid my mind is full of wrong ideas and images of how intimacy is performed from the videos and images on internet. im afraid maybe my first time of intimacy by the night of my wedding will be perfromred wrong or something. am i not supposed to copy anything i saw on internet? is everything i saw bad?

or is some stuff that i did watch important to use during intimacy with my wife?

should i do oral sex or not? what should i do? what shouldn't i do? i am so confused???

should i take off all my clothes before i start intimacy or should we take off each others clothing together in bed? do we take showers first? do we turn off lights? do we talk during intercourse???

i feel the internet is confusing me and i have no idea what to do in real life and what not to do????

please help, any one my age? any one relate to me?
