Posted by Joe Beenththere - 28 Jun 2016 07:03

Hi. My name is Joe. I am new here and would like to know how best to continue given the amount of directions and options offered. I am I am in my 40s. I have been struggling with shmiras eynayim since childhood and for the last 20 odd years have been watching porn and doing avevyros by myself. I want very much to stop.

Welcome,

That sounds familiar.

Coming here is a great first step.

Sticking around is a nice second.

Welcome Joe.

Has anything helped in the past?

How bad is the issue (daily, weekly monthly)?

What tools have you seen that you think would work for you?

Like cords said, the main thing is to stick around and keep asking questions and keep on posting.

Welcome Joe!

As the other guys said, the first thing is to make yourself at home here, and you'll quickly find lots of good info, ideas and advice to help you get started.

It can be confusing and overwhelming at first, but it gets better one you get used to the site.

Keep On Posting!
