Hey, Dovid,

I am also a late-in-life Baal Teshuvah raised in non observant home who struggles with masturbation, since I've done it all my life and was taught it was healthy and normal. Just wanted to let you know I'm here and we share that issue. How are you doing with it?

How are you doing with it?

No change in status. It's up to Hashem and I to get started on the cure.
