Hi.

I'm a 50 something guy. I came to this site because I would like a someone with a strong recovery to be my accountability partner on covenant eyes. Currently my wife is my accountability partner. But sometimes it's too much of a burden for her and I would like to free her of this, or at least bring someone in to share the job. The person I need has to live in Israel and be available to meet in person from time to time. Can anyone reading this help me? If not, how do I go about finding a person like this on this site?
