

This week: Q&A with Dov - live!

Do you like the [Daily Dose of Dov](#) in the chizuk e-mails? We're proud to announce:

[Dov's](#)

[Daily Q&A Call](#)

**Monday - Thursday,**

**8AM EST**

**Dial In Number:**

From U.S. 515-739-1294

(For all other countries, [click here](#)).

Participant PIN: 382530#

Dov - from the "Daily Dose of Dov" - has been sober with Hashem's help through SA one day at a time since 1997 and has been a major part of GYE since 2008.

Recently Dov's story and some of his writings were published in Rabbi Twerski's latest book called "Teshuva & Recovery". ([Click here](#) to see Dov's excerpts from the book. The book can be purchased at [menuchapublishers.com](http://menuchapublishers.com))

Be"H, Dov has been leading a closed [12-Step call](#) on GYE for a few years (and that call continues). Through that call and the forum, he has spoken with and met with hundreds of GYE members over the years. For the first time, Dov will be leading **an OPEN call**. That is, the PIN of this call is being made public so that people can call in, ask their questions and discuss them.

This call will be recorded so that we can build a repertoire of Q&A material on GYE. We hope this resource will help many Jewish people around the world who suffer in shame and silence, until Moshiach comes.

Send in your questions beforehand to [wequithiding2@gmail.com](mailto:wequithiding2@gmail.com) and Dov will try to address them in the call, as well. Spoken questions posed on the call will still have precedence.

We are excited about this new development and hope that everyone takes advantage of this amazing new opportunity to discuss your deepest secrets, fears and questions with a person who has been there and cares.

For the corrected call-in times and info, please [see this page](#).For a recording of today's call [click here](#).Keep this link handy: [Online Spreadsheet of all the recordings](#).Send in your questions beforehand to [wequithiding2@gmail.com](mailto:wequithiding2@gmail.com) and Dov will try to address them on the call, as well. (Spoken questions posed on the call will have precedence).**Note:** The first 5-10 minutes of the coming call will not be recorded so people will be more comfortable asking questions.***Looking forward to having you on the call tomorrow!***
