Hello everyone,

My name is Yossef. I choose this name because of Yossef HaTzadik and his battle against his own yetzer hara. I hope his memory and merit could give me strength and clarity on my long journey.

I've been struggling for almost 10 years. I used to stay long periods without falling, but now I feel it is getting harder and harder. Sometimes I feel I have no peace of mind and my body is tired.

But I know this is keeping me from achieving my goals and I will keep fighting, no matter if it takes another 10, 20 or 50 years. I hope follow the 12 steps and, beezrat Hashem, be a better yid!!!
