Not that age matters, but how old are you?

You may have already found the exit in GYE :-)

Tell us a little more about yourself? are you married? do you struggle most at home? at work? with your cellphone?

Hatzlacha Rabbah!

Have you ever told anyone about your uncle, have you seeked more professional help?

What happened to you is not your fault,
So sorry to hear, that is terrible what your uncle did!

We are all here to help and encourage each other

I would first focus on healing your wounds your uncle gave you and worry about the
pornography and same gender attraction later.

Always remember Yesh Din Vyesh Dayan
