Shalom Aleichem Dear Brothers-

It took me 25 years but I came to the realization that I am an addict. It was an eye opener for me to rebrand myself. Until now I thought I was just a baal taaveh but after hearing from a friend who is in the AA program about his addiction I realized I am as well. So it was a tough recociliation but I am so glad I am here and have begun therapy and promised myself I will stop surviving and start living. Please reach out to me and give me chizuk as I begin my recovery. I am fully in Hashem's hands. I need support and all the recovering tzadikim out there will surely have tips and pointers for me along this journey. Hashem should bentch us all with kol tuv.

Welcome,

Recovery should be with hatzlachah.

I don't put a lot of stock into the addict/non addict discussion, but I certainly wouldn't make up by mind by the words of one meetin' fellow.
