Hey. I don't know where to start. I'm a married man struggling with it all. And it's led to some really serious stuff that I'm so ashamed of. My story is too long to type. But I need help fast. Please.

So quick start one of the gye tools - see "solutions" in the spoiler below

You can start from the end of the list but I don't know if castration is what you wanted exactly and I'm not aware of gye having an on site physician so that's not gonna happen fast even if you want

Welcome

You finally came to the right site on how to enjoy life without what we thought that we needed until now. I am married and feeling very different today than about 1 year ago.

good luck
