

French addict : my story

Posted by miketechouva27 - 29 Aug 2017 15:54

Hello every one! I am addicted for at least 20 years, I am 38 years old, have discovered GYE for 4 years but I think I barely begin to understand the first step. I am sober at D25 + 5 (fall to 25), I do not speak English fluently but have to make efforts. So, I hope I can be helped. There is no big help in France, but I have the chance to have someone who knows the 12 steps to help me; I think I just start to understand the first step, when I discovered GYE and the mails of Hizouk, I didn't want to recognize the truth; I thought it was not possible to live like that, with the constant pray to Hashem. But I was wrong; now, I always pray Hashem

I will try to post here and to have help and discussion here because in France there is no group of 12 steps unfortunately.
