

ready for support and to give support
Posted by Imloy - 10 Jul 2018 01:31

i just signed in and started the 90 day challenge and i hope i will be like a military captain amid the stormy waters

I salute you captain.

Respecting your optimism, my experience has shown me and only me that being a simple foot soldier following orders is the only way I can travel my journey of recovery.

The strong resolve that you start with has a tendency to wear off, so I would recommend looking around this site for ways to keep yourself inspired. For me, the daily emails and a bit more reading help me remind myself that I need to keep fighting.

Good luck!
