I'm so sorry to hear that you're going through something right now.

I wish I could know how to help specifically, but at the very least, I just need you to know three things:

1. I'm rooting for you
2. I believe in you with all of my heart and soul
3. I promise Hashem is with you and loves you

All the best, Chevra

Does it feel like a sneeze but better?
