

Make it to Yeshiva

Posted by YeshivaGuy - 04 Aug 2020 05:33

---

Hi everyone,

First I want to say that I am humbled and honored to be in the presence of such Giborei Koach, true warriors of Hakadosh Baruch Hu.

I bh am not addicted to pornography.

I haven't been on a porn website.

But I'm getting close, and I'm here to gain chizuk not to fall into it.

Once I return to Yeshiva I'm safe, but as long as I'm home I'm in danger, and bh I haven't fallen into pornography. However it's the next step, chalila.

I bh am running a camp, so I started keeping busy, so bh have only been nichshal once in the last 3 weeks.

i want to just express my gratitude to all of you, and my great admiration for each and every one of you.

My Yetzer tries telling me "comon, porn can't be that bad, it's just the word that sounds scary" or like "it can't be so different than YouTube videos"

So I'm here to gain that chizuk.

thank you!

Just got news that now I'm pre-diabetic.

unless I work very hard, could chalila get diabetes...

Pretty upset, cuz it's in my stupid genes, I've always struggled with weight even though I ligit eat no carbs/sugar during the week.

Im so freakin careful and yet my stupid doctor just says "keep up the good work and exercise more"

I don't want any advice on this from anyone.

Im venting.

Seeing top doctor tomorrow, hopefully he'll help me out.. pretty nervous and angry, cuz like it's not my freakin fault. I already barely eat sugar/carbs and it's still getting worse.

All my friends eat whatever they want and they are fine.

But me? I'm the one having tuna with salad! And I'm the fat one!?

Anyway, goin to sleep I guess.

Would love love love to watch bad stuff or masterbate, ah...

Im honestly angry. I don't give a #%\*+= anymore. Nothing I do works.

This doctor tomorrow better give me some meds to help me out cuz my body doesn't work no more.

Ok. No advice, just sympathy. Sounds really rough, but if anyone I know can handle it, it's you. You're a true warrior.

In the health complex I was sent to this place where I was shown by a young woman about exercise, weights, abit of stretches...

I tried hard not to "lust" and Bh she was fully clothed. But still, was difficult.

And as a guy I sexualize everything.

So like, she's gonna email me workout schedule etc, but in my mind it's like a bigger sexual

thing...

Crazy.

She asked me where I'm in college etc, and I was thinking about how geshmak being a goy is, with girls etc. It was so pleasant, the way she spoke.., and I'm a loser in an all boys Torah place...

But I kept repeating to myself "Soon you'll be married to a beautiful frum girl..."

Im saving myself for my future wife, bezras Hashem.

I've given up a lot, been through lots of pain, and hopefully, bezras Hashem, ill see that it was all worth it

Ps. My Yetzer is under the impression that texting a girl now would be the best thing to do.

Funny, I feel like that wouldn't be so wise...

Anyway, I'll get out of bed now before anything happens.....

Gut vuch,

A lot of taiva to masterbate, watch bad stuff, speak to girls etc etc.....

The only thing keeping me going right now is the drive to get to day 100....

Haven't learnt much thus far at home. But have stayed clear of all tv/ computer use even for kosher purposes!

The big nisayon is tonight. Motzei Shabbos in general is always hard, and being home, especially after 98 days of "Yetzer Deprivation," makes it harder.

Theres only one eitza in my mind right now.

To sit in my room for an hour now and just learn b'hasmada.

Ill keep y'all posted

A lot of taiva for biah...

was walking to minyan this morning and was a pretty girl on other side of street. I kept my head down and repeated to myself "one day bezras Hashem, you will have a wonderful beautiful wife with Yiras Shamayim etc, you will tell her the mesirus nefesh you endured for her and she will be so touched..."

I really hope this is true. I want so much to have a relationship with a woman. But I'm really holding myself back from expressing that emotion negatively through masterbating etc...

Ive been fighting and holding myself back from so many things, temptations, opportunities to do issurim, for many years....

I really hope it's all worth it.

Please, someone tell me it's worth it. I know in ruchnius that mesirus Nefesh is worth it but...

Hey yeshiva guy,

You articulate in writing what you feel very well.

I'm single and often find myself in similar situations as you.

So I've been told this is a sign of being a healthy male?

I admire that you realize reacting negatively to your feelings, temptations and desires is just not worth it at the end of the day. (Wish i would tell myself this when I'm feeling down or having a hard time but it's the truth)

In my eyes, it will be worth it.

As for me when Im in those situations, my heart wants but my head knows 'now is not the time'

Keep strong and keep us all inspired!

A gut voch and afreilechen Chanukah!

It's amazing how you can always articulate what you desire to do, and get it out there in words instead of leaving it beneath the surface. And your strength is an inspiration to me! Keep it up!

My dad wanted me to get a certain app, now have restrictions unlocked... been sitting here debating.

As y'all know I'm dying to get YouTube and masterbate/watch stuff all night long. I could go under my covers and relax.

Finally.

Uch.

Sitting on my bed. With three clicks I can watch stuff, in a few moments I can be under my covers, warm. My heart pounding, enjoying- finally.

Well, honestly, screw it (pardon my French).

Gonna go down and get these restrictions back on.

~~AND I WANT TO JEW TUBE TOO~~  
How do you do this? Honestly this is a new level self control! How many people in the world do you think can exercise such discipline? Tremendous. Only respect my friend, only respect.
