Hi everyone.

I'm here for a few months but I didn't post about myself, and I decided to take that step. I still remember the first time when i emailed GYE I was trembling it was the first time I told someone my secret.

I am in my thirty's and I am struggling from about age 10 and never told a person I just suffered in silence.

When I was a kid one day I was going home from school and there was a CD playing on the bus of a kid singing and I got all funny type of thoughts and feelings and since then i had cravings to be together with someone physical and I would have a friend that I would have my hands on his shoulder and it was I my mind all day and night. But I felt stupid bad but I didn't know what to make of it.

i remember when I was 13 I learned reishis chachmah and went crazy and came in to a shul in Brooklyn where I lived at that time and the rov came over to me if I'm ok because I look like I'm fainting.

Then I went to mesivtah and I started working on myself good days good hours bad days.. and so on.

And at about age 15 it changed to girls.

b"H I never watched porn but I did try to look at pictures and love videos and mainly on the street and fantasizing..

And I just went crazy. I was a very good boy a masmid lamden i was considered from the top boys but I felt like I have this big mask.

I had a chart that I filled in if I masturbated if i careful with my eyes, and I had knosos I had to pay, I always left over one thing from super and lunch to show my self that I don't have to give in to my temptation, cried and davend etc. And it didn't help much I used to try at least half my day should be good Rov. And I am not going to bore with the rest I'm sure a lot of you guys can finish the rest. (Which I didn't know at that time)

but the hardest thing was my MASK and that I knew i will never come out of hell.

I had very judgmental parents which didn't make it any easier. And I never felt comfortable in there presence because it should not leak out to them

I wanted to end my life because I felt I'm doing more damage then good.

The rest to continue

I'm looking to get the NetFree filter

But I saw on their website

***Automatic word screening***

*In order to screen the text, we have developed software that automatically recognizes improper wording. The software censors the improper sentences.*

*In cases of extended improper text, the system will block the entire page*

Does anyone know if GYE works with this filter?

Let me explain my question

They don't just look at the categorization of the website, they scan the words

So @cordnoy's posts I'm not gonna be able to read, I'm gonna be able to read just the post that say I'm having Shmiras eynayim problems, or p m etc.

Unless they have an exception for this site

I understand your question and from my experience with this filter they blocked the whole website. because a website that has too many inappropriate words they just block the whole website and you can't have access to any page.

but maybe you can set up with them an exception when you buy the filter
