

We gotta get more people on to gye!
Posted by Geshmak! - 02 Nov 2022 06:36

I was just wondering... how do most people find out abt gye?? Like I happened to see it advertised on the seyim hashas booklet and bh this organization changed my life! Like I'm bh close to 100 days not being mzl and I'm over 100 days that I didn't speak to someone on chat lines (I used to not be able to skip a night) I'm still in the process of a full recovery but bh I already see a whole different world and bh have a much better life... but my heart goes out for so many more people that need this help but are not on gye. Maybe it's only we're I live (boro park) we're it not advertised but there is such a need for it! So many people would change there life marriage there connection with wife and kids with just one good conversation with Hhm it's so sad that they don't know abt this.... Or maybe they do but don't get hooked on ... we have to figure out strategy how to get more people hooked to this heligah site if you have a good idea post it and I'm sure gye will be more than happy to do it... like the person my wife cried to more than 3 years ago a very chushivah yid didn't know abt this organization and he tried to help me but he didn't but bh I found out myself abt gye but what abt all the thousands that don't know abt it?!?! At least the chushivah people in each community should know that there is real help . Like I was once having conversation with very chushivah masgiach he told me that once a bucher sees real shemutz he's gone and won't be able to get out... I wanted to scream that he's wrong and thousands of people that were in the shimutz and got out and have successful life's because of gye but I didn't I was scared he'd ask me how I know etc. Like gye is building the most and best site but we need good way to get people on and I think step number one is that the respected people that people come over and say they need help should know that there is help... step number 2 ?looking forward to see some great ides... brainstorm!!

Bh I see since I post abt helping more guys get in to gye I started to look at the number of members and I see it growing every day today it's holding by 13,936!! Chaverah let's get it to 14,000- let's send out emails to people we know are struggling in this area (you can give gye a

email address and they send good adds to get people on) or if you know a friend or bucher that can use chizuk on this topic... don't be shy tell him I heard of nice organization calls gye I checked it out it's cool or don't need to say u checked out you can ask did you hear of it? Is it good? Etc.

in other words if u know someone that needs the help... HELP him!! let's not be selfish we know abt this amazing site so many don't or know but aren't on it... let's showH' we care!! And if it's hard to for you to go over or do what you could to help someone become a member then just think of the zichus ull have forever if he changes he's bad addiction to lust he will be a different person beruchnis and bgashmies... you helped him he's (future) wife and kids

Did anyone at GYE try to advertise in the mainstream frum magazines like Hamodia, Mlshpacha etc.?

I wonder if there is a way to advetise without being too revealing so that people that are not in grandkids and so on - can't wait for the day to post that I see gye is up to 14,000 members!! this situation should not get any ideas.

I think this is a big barrier that we need to figure out who to reach out to the public without openly talking about taboo subjects.

There were advertisements in every major Jewish publication over tishrei

To be moisif of the chashivus of this site, as I heard of ?? another incident with someone respected being caught doing terrible things, who knows if these people could've saved themselves with an ananamous forum like this.

There are people here, respected in the community in all different ways, and it can be really hard to open up to someone the person knows

Would be good if was hotline as well for people to call as well. There's places such as eretz yisrael, one wouldn't be able to publicize a website

Maskim all the way!!

btw they do have a hotline...

but I wish there can be a hotline that a person can call in 24/6 (gotta ask rabunim abt shabbos if it's bekuach nefushes) and talk to someone live and get real chizuk from smart experience people on the spot! I know it will cost a ton of money and it will be hard to find right guys to to pick up ... but it would save thousands! Like when someone is abt to fall he ain't opening gye and reading articles or watching videos of chizuk but if he could just pick up phone and get the right message and clear instructions how to over come he's nisyun it would be a huge help for so many... but again I don't think such a thing would be possible but I wish... maybe if I would've

Really? I didn't see it. I would love to see a picture of that. I'm just very curious how such an advertisement is written without being too revealing but just enough.

I feel like GYE should have a "kosher" website, with only the educational resources, meant for people only partailly struggling, who have no need to see all the intense discussions on the forum. Any thoughts?

Maskim!!

but in a way so many guys that need real help don't get the real help cause so many find the real help after they post their story and than get pm from amazing people that really help them(like it's all a platform to find the guys that needs help and get him it) so you think there should

be 2 different sites? But then who will go were? What's your plan it sounds good so let's just

copy pasted from my thread "my story, being honest for once"

BTW I know this thread gets lots of views so just putting this out there - I am a huge fan of
Rabbi Eli Portal's "Rolling With The Punches" podcast where he interviews people who have
gone through adversity. Would LOVE to hear someone from GYE give an interview on how they
overcame their lust addiction and became a healthy functioning and successful person in this
aspect and how it affected their life before and after breaking free (Maybe HHM? Nudge,
Nudge?).

Just listened to his latest podcast of an anonymous interviewee who at 16 years old found out
(kind of by mistake) that he was adopted as an infant.

These interviews give so much chizuk to so many people, and it could be a big help for people who are struggling, and can also help a lot of people get onto GYE.
