

We gotta get more people on to gye!

Posted by Geshmak! - 02 Nov 2022 06:36

I was just wondering... how do most people find out abt gye?? Like I happened to see it advertised on the seyim hashas booklet and bh this organization changed my life! Like I'm bh close to 100 days not being mzl and I'm over 100 days that I didn't speak to someone on chat lines ( I used to not be able to skip a night) I'm still in the process of a full recovery but bh I already see a whole different world and bh have a much better life... but my heart goes out for so many more people that need this help but are not on gye. Maybe it's only we're I live ( boro park) we're it not advertised but there is such a need for it! So many people would change there life marriage there connection with wife and kids with just one good conversation with Hhm it's so sad that they don't know abt this.... Or maybe they do but don't get hooked on ... we have to figure out strategy how to get more people hooked to this heligah site if you have a good idea post it and I'm sure gye will be more than happy to do it... like the person my wife cried to more than 3 years ago a very chushivah yid didn't know abt this organization and he tried to help me but he didn't but bh I found out myself abt gye but what abt all the thousands that don't know abt it?!?! At least the chushivah people in each community should know that there is real help . Like I was once having conversation with very chushivah masgiach he told me that once a bucher sees real shemutz he's gone and won't be able to get out... I wanted to scream that he's wrong and thousands of people that were in the shimutz and got out and have successful life's because of gye but I didn't I was scared he'd ask me how I know etc. Like gye is building the most and best site but we need good way to get people on and I think step number one is that the respected people that people come over and say they need help should know that there is help... step number 2 ?looking forward to see some great ides... brainstorm!!

I did try but I don't know how it went like if they are on gye or not... but if you want to know how conversation went then , you basically mean to ask that how do you approach a guy u think is going through this? So for me it's not such a big deal I'm close to many people and I can just say in middle of a conversation did u ever hear of gye and if he's no I'll tell what I think abt it like I'll say I heard it's an amazing site that can help people that struggle with internet shmutz etc . But this probably won't work for most people so I would say if you know someone struggling then you can give gye he's email address and they send amazing emails that promote their organization. And of course he won't know that it coming from you...

The truth is who cares! The main thing is that klal yisrel is going strong H' should help further bh gye is up to 13993 members and and bh most of klal yisrel doesn't know abt these shmutz so I would say we're missing another 10,000 yidden that can use help from gye( I'm not saying y that's not sad) but we're ain't that far from it bhy the way it going by next year hopefully all that need help will know abt gye and hopefully get the help they need...

again if you know someone that can use help in this area don't be selfish save he is life and get gye to him send him emails or think of a good way to let him know abt this lifesaver!!

I hate being *that* guy, but why not spice up my day a bit?

You say "*most of klal yisrael doesn't know abt these shmutz*".

Ehem.

Most of Klal Yisrael doesn't know (or at least practice) Torah U'Mitzvos (Unless you don't consider them part of Klal Yisrael).

As for your assumption that another 10,000 (frum) Yidden can use GYE, I don't know where you got that number from, but a) I'd say it's a wee bit higher than that, and b) even if it were *only* 10,000, getting them on GYE in the next year is a bit unrealistic. Not in every case can you bring the horse to the water...

First of all how's your spicy day going?

And abt klal yisrael your so right... I should've said Frum yidden...

and abt getting the 'more' then 10,000 yidden nabach struggling in this area- so what's the itzah?!?! Don't just it's not practical give an idea what can be done... imagine you see a yid drowning in a lake and there's a guy trying a unpractical way to save him... would you say- hey buddy your doing something unpractical or you would jump in?!?! My heart goes out for people that are killing them selfs and are killing the happy lives of there wife's and children. What can be done to let them know abt this organization?? Got a idea post it!

Cool!

My question wasn't necessarily about how I should/could go about it. I was curious if and how you went about it... Just plain old curiosity...

Thank you for your response!

I actually do it all the time I'm in a position that I can first no body would ever imagine that I need it myself like they won't think he's for sure knows abt it cause he struggles himself and

second I am a geshmakah guy that likes to stam shmuz so it can come in...

( I'm just wondering how many guys are thinking to themselves, hey this must be... but truth is I

I've got another question (if I may)...

It seems that many guys (maybe even most) deal with the struggles of internet pornography to some degree or another. That being the case, why is it so terrible if people know you also struggle? It may even be beneficial for them to realize that even a guy so great as you is challenged with this and would be encouraging to them.

(i dont mean you should go around giving everyone detail of all your deepest struggles...)

Dear connected I personally don't think it so far off to say that in A year from today gye will have another 10,000 members,we're just 3 away from 14,000 so remember to check next year November 30 if gye is past 15,000!

Should we bet on this??but I don't know you so how can you send me the money? I guess you

I'm not maskim with what you said abt most guys have struggles with porn... not in my circles at least ( I'm chasdish must guys don't even know what porn means BH) but even if your right and even if what u say that it's good for people to know that guys like me go through this ( I'm not sure if I'm maskim to that ) still the answer is I'm just to embarrassed! Shocked???

I think Geshmak is correct in that most erliche yiden have no clue what porn is, nor will they ever know, BH for that.

But with sex addiction or masturbation, Shmuel is probably right. lots of people are addicted to sex they dont know it. There is a reason why Chazal banned touching oneself even to go to the bathroom or any number of things that chazal banned because one might get aroused. a few examples are, laying your back or front, going to the mikva with father, father in law, brother in law, etc. touching.

Guys were always easily excited and todays world is much more exposed to exciting sights.

So i think there are many, many more people that could benefit from GYE. However, unlike Geshmak here, im not Geshma in any sense.....

I dont have friends or people that would ever confide in me. So im all out of ideas how i can help.

My day is fantabulously awesome! Thanks for asking!

Letting more people know about this organization, while no doubt a great plan B, doesn't address the real issue.

We need to fix our society at its roots. People need to be healthy (not just physically), well educated, and stop caring about looking good for others. But that doesn't change on GYE. The solution for this would be a preventative measure. Too late for us adults.

Even if we can somehow magically fix every single Frum adult and then improve the way we educate and raise our youth, that doesn't change the world around us and the fact that we're open to that world. We inevitably become influenced by the outside world, whether other religions or secular cultures. They need to change too.

Basically, the only real solution is to get Moshiach on the scene and fix the world.

Till then, I can try to fix myself and those closest to me. I can try my best to prepare my children for the confusing world that awaits them.

P.S. I didn't say it's unpractical. What I said was that it's unrealistic to say that we'll get them all on the site in the next year. I'm all for unpractical ideas.

Hey! I knew that chain of connection comes from a chusid!! But that chain has three rings one for chasdim one for litvaks and one for sfardem cause we really are all connected and we're all

It really ain't make a difference what our backgrounds are... the main thing is we're all trying to get closer to our father in haven!
