---

Not sure if this is the right place to post this.

As you may have already heard, Eretz Yisroel is in a sakana. There are rockets and drones in the air heading here from Iran and Iraq. We need to daven to Hashem, our loving father who is watching over us and protects us!

By us guarding our eyes, that is a huge zechus and shmira for us and klal yisroel!

May we merit to see huge nissim, miracles today, and the geula shleima!!

BH we are alive. We had tens of drones or rockets in the sky, like 30 minutes ago. Who knows what else is on the way. GYE has a big hand in the protection we have here. ???? ????? ????!
