

Restarting my journey... Again

Posted by sunnyswan68 - 25 Nov 2024 16:00

I cant believe I'm posting here but here goes.

I'm 20 years old and have been struggling with porn and masturbation since I was 10. I had some good streaks, although it never lasts more than a month. Recently (as in the last few years) I haven't been able to go more than a few days. I went to israel and decided to restart my journey and now I'm at 22 clean days. I'm trying to use the gye programs but they really don't speak to me. Don't even know why I'm posting this. I've tried just about everything to stop, nothing really works for me. I set a goal for 90 days, but taking it one day at a time. Hoping this time will be different!
