Hi chevra! hope your all doing great! woke up today feeling under the weather and it's only getting worse, since i can't function fully i therefor am little off schedule, I therefor have the ability not to feel good about myself, since i'm not acomoplishing much, which in the past coul v'e quickly led to thoughts of acting out, which would very quickly become reality, so here i am to share that get it off my chest, and hopefully i'll be ok, i'll be intouch with my guy! bh so far my spirits are high halevai vaiter! hopefully i'll learn/read a little and maybe even try to take the extra time alone to focus on feeling good about my real self! (very important) because hey this is a journey and in the last few weeks there was alot of growth!

kol tuv from der mir!

??? ????? ?????), i actually (gasp) enjoyed spending time with family! so it's day 25!!!!!!!!!!!!

Ah gut voch chevra!!!! **31!!!!!!!!!!!!** celebrated day 30 on shabbos! and although iv'e had 30 days clean before, and iv'e celebrated it in the past....., this time really felt different, I don't know if the oilam could identify but in the past i felt it was beneath me to actually feel good about myself

for being clean, as crazy as it sounds! My mind and gaavah (which manifested because of lack) would tell me that i am so much better then that in my pnim..... whatever, but now bh as i am working through these things, i was able to take a reality check and say hey you alteh choshuveh mirrer, liochor kichlos hokul you were doing pretty bad things..... and as much as that never really defined me, and i am and always was a good person with alot of maalos that also happens to have a very hard time with this struggle....., and can't take care of it alone....., of self worth which also caused lack of connections..... chad gadya chad gadya! but you still gotta accept that this acting out thingy is also you!!!! (sounds simpler then it feels!), and therefor i should feel good about myself that bh i'm clean for 30 days, and i'm working on myself for 30 days!!!! shoin enough with my runon over here, ah gut voch from the mir!

Hello chevra!!!! i don't know about you amerikaners but the europeisheh winter is very cold! either way bh today is day 35!!!! and i don't even know how to express it but thank you hashem that i am where i am!

The thing that's nagging the mirrer right now is that he feels pretty good and comfortable about himself..... now while of course there is alot to feel good about and to celebrate, but he is also a little nervous about that because he knows that he's not 100% healthy yet, and the feeling of desperation that limaysah helped him and motivated him in the past aint there as strong, now i know it makes alot of sence and is prob. very common but still....., i think i'm gonna have to

Kol hotoiv and hatzlocha raba from der mir!
