Today's Hayom Yom

? ?????? ????? ?????? ??? ?????? ?????? ?????? (????? ??????, ????" ???????) ????? ??? ????? ??  
???, ????? ?? ?????????? ??? ????? ??????, ????? ????? ?? ????? ??? ??? ?????? ????? ??? ?? ?????, ???  
???? ????? ?? ??? ?????????? ??????????. One must recite words of Torah copiously, saying Tehillim or  
verbally reviewing Mishna whenever and wherever possible, in order to bolster the existence of  
Creation, to be saved from chibut hakever and kaf hakela, and to merit all the highest  
revelations.

I'm not thinking about the kaf hakela after 120 but this can probably also help our day to day kaf  
hakela when we go from being in the world of torah and being a good person to the complete  
opposite extreme where we follow our eyes and thoughts.

Maybe later I'll post more about myself...

Here goes... I fell....

Monday got a bit stressful and I wasn't feeling good about myself and I gave in, first I was  
slipping and then I fell.

After a tough night and a few converstionsconversations with some chevre we made it thru and  
now bh I'm back and ready to plow forward.

Just a interesting point from my experience which will take time to master but I think others can  
learn from it.

My wife knows about my struggles which can create complications but it also gives me much comfort knowing that she understands and helps in many ways. Still when I'm stuck in my feelings I start to withdraw which I not a good feeling and creates distance, so here I was on Monday night dreading having to admit that I fell and petrified of her reaction which wasn't very good finally after some coaching from hhm to write a card and spending the day at work we start acting normal and cruise into conversations with feelings of understanding, that straight away lifted me back into fighting mode.

I don't know how clear that is but a lot of the issue was creating her being upset in my mind instead of just trying to communicate properly what's going on.

Now I'm at day 4 and hope to continue fighting homon and then moving on to real cheiruseinu.

Here's a hug brother! I can't imagine the pain you're in. It's gotta be tough trying so hard and then feeling like it's beyond our control. But you've tasted success before, you know that you can do it. We're rooting hard for you to be successful. Whatever you do, DON'T GIVE UP. KOMT!!!

Day 1

feeling a bit optimistic

The real response to this in my head is "how can you feel optimistic? You just fell again and again..."

now everyone else here will post why I'm wrong

Shalom Brother,

You have a holy and pure Neshama that comes from and is part of the Creator of the Entire Universe. His abilities have no limits and He recreates us in every moment. You can have a new heart, just like that. Today you are an entirely new person with entirely new choices and entirely new potentials. (Without overdoing it) you have valid reasons to feel optimistic. Nothing to do with what has been or may be - *zeh hayom asah Hashem, nagilah v'nismecha vo.*

Hatzlacha and Kol Tov

It's not about winning, it's about fighting. That being said, it's about fighting honestly to win. We're a'strivin' for perfection. Even if we ain't there yet, as long as we're on the path toward there, there's joy in each step. The journey itself is the goal.
