

90 Day Goal

Posted by hashemisonmyside - 01 May 2025 21:43

Hello GYE family,

At this point I'm not ready yet (Hopefully one day i will) to share my full story but BH i have HHM holding on my hands on a daily basis which gives me tremendous Chizuk and Koach to be where i am, today 72 which is a special # Chesed, these days are special to be counting as that's the purpose of Sefirah which Klal Yisroel did back then when they went out of Mitzrayim.

I will try to write something every so often to get and hopefully give Chizuk to others as well.

I wanna write a small millstone that i had this week, i would rather not go into the details, but it was something that i saw that back in the days that would be a trigger to a fall and an urge, BH with Hashems help it didn't take me into any mess and i was BH able to on with my schedule which wouldn't be the case in my past.

let me finish with what we say every day now

?????????? ?????????????? ?????????????? ???? ???????, ?????? ?????? ??? ?????????? ??????
??? ?????? ?????????? ?????????????? ??? ?????????????????? ?????????????????? ???????
???? ?????????? ?????????????????? ?????????????????? ?????????????????, ?????? ??????:

and Hashem should help that we should Bekurev be Zoche to ??????????, ?????? ?????????? ??????
????????? ?????? ?????????????????? ?????????????? ??????????????, ?????? ??????:

Today also the Yurtzeit of R' Shaya Ben R' Moshe, which although he was a Kudoish V'thoir he understood to the simple problems of the Pusheta Yidden should he continue in Heaven to give us the Koches that we all need as he said that they should make a window in his Ohel because he stays here for us, so ?????? ?????? ??? ?????? ??? ?? ??????

It's not the first time i reach a goal, but what makes it different this time is that i have a mentor and full accountability. i actually got caught by my wife not for the first time, but in the past i would go for therapy which i didn't feel was working for me vs now with full accountability with a mentor and i check in with an erlicha yid as well has much stronger results

Shalom Brother,

120 is ????!

Sorry to hear about your shalom bayis being a challenge recently. Do you want to share a bit about what's going on? You could communicate privately with a mentor if you'd rather not post it on the forum.

(Here's a rip of PY's list: HHM - Hashem Help Me - is the mentor-in-chief around here. He's reachable at michelgelner@gmail.com.

Day **133** today, when i started i never in my wildest dream thought that i would reach 30, 60, or 90 days but i guess you can't underestimate yourself like the "???? ??" "???? ?? ??? ?????? ?? ??? ?????? ?????? ??? ??? ?????? ?? ?????", one the seforim says that it has to be like a needle that it hurts... have to admit that there are days that are really rough with all kind of stress which would lead to act out but as you get more into habit it becomes a lot easier to fight these triggers... i also have to admit that GYE family is a big part of my success and am sure that many others can attest to that as well. i have tried in the past with many other tools to go clean but it didn't work i guess you need the passion and love from this incredible family. i wanna finish off by saying that fight is far from over like its says in "???" "?? ?????? ?????? ?? ??? ??????" but as it gets into habit it for sure gets easier...
