

Hello from Blind Beggar

Hello Tzaddikim! I just found this site last week. I think it is going to make my Rosh Hashono and Yom Kippur. I think the newness of the 90 day chart will get me 40 clean days to Shemini Atzeres but I am afraid of what will happen next. Does anyone have any suggestions?

I have read enough of the forum to see that you are all tzaddikim and all serving Hashem every day clean and again after every fall.

The holy Baal Shem Tov taught that the yetzer horo is more interested in the post-sin depression than in the sin itself.

Blind Beggar who wants to have eyes only for Hashem.

If you don't mind, I'll take over my thread again.

Thank you Hashem for an entire Shovovim clean.

I don't know if this is the first time I ever went through an entire 6 or 8 weeks of Shovovim without masturbating, but it is the only one that I remember. It is certainly the first Shovovim that I have spent in daily contact with attractive women and girls in an office, and although there are many shmiras einayim challenges every day I don't find myself lusting much, at least when I am busy.

It's my first clean shovavim, too.

Keep up the good work!

I think if you're a member of the Married grop you always have 3 squares, no matter how many posts you have. That's just the way it's set up.

I am still sober according to SA for 338 days.

I just fell off the Wall after 221 days.

I had become complacent and let my TaPhSiC shevua expire.

I was bored and had time to kill on an unfiltered (impossible to do, so forget about it, same thing with WebChaver) computer.

I don't even like porn, I think it is stupid and disgusting, which is why I didn't masturbate, because it is not so exciting for me.

But a fall is a fall.

Anyone want to climb the Wall with me from the bottom?

Notice that you say "I don't even like porn".

I don't like it generally either ~~[well except for specific types...]~~ that's what our sickness does to us, we're just looking for an outlet to air our frustration with life, ourself, g-d and humanity, and our outlet has become porn whether we like it or not, this just demonstrates the addictive qualities in our behavior.

Congrats for the honesty by the way.

Hi beggar thanks for sharing. You do not like porn but your disease does that is his lifeline. So we have a choice to listen to the disease or call his bluff and act on what we really want.

Time for some honesty.

I just spent almost 3 hours searching the Internet for what I do like: women in bikinis and other sexy images that K9 is happy to allow because they are not pornography. I now have Adobe Flashplayer 11 installed on 3 browsers but there is still one video I was not able to get to work. I gained nothing from all that and I had plenty of important things to get done.

I shall post again today or tomorrow, hopefully to tell you that I have been good and clean since this post.

Sunday 10:59 a.m. Meron winter time.
