

boo!

Posted by desperate_teddybear - 20 Sep 2010 00:43

hey guys, i've been following and reading the forum for quite some time now and i decided, what the heck right? time to join.

alrighty...so first things first i have reached about 50 days on my own, and then since discovering this forum the longest i've held out to was a couple of month *pats self on the back* yeah but then i fell and was stuck in the rut for a bit.

thank G-d for yemie teshuva, right? that snapped me out of it. i've been 100% squeaky clean (no porn, no M, no watching innapropriate movies w/ express wish to see...well, y'know...) for about a week now...

alright, so my life story. i guess in a nutshell-type-summation i'd say:

-physically and verbally abusive father resulted in me being a bit of a nebbech'll socially inept outcast. being a bit too smart for myself didn't help either. my mother is pretty good but i guess because of my father she tends to let the house and us kids run amuck, and she'd hit us a lot growing up and scream at us - but i don't see her as being abusive she's my mom, you know?

yeah so then i entered highschool, i don't know how it happened, but suddenly i was cool, hanging out with the wrong crowd...you follow me.

but i was pretty messed up. always worried one day everyone would realize what a pathetic nebbech i really was.

one day i discovered a wonderful little thing i could do that felt really good. and i didn't really look back. i mean i knew it was wrong but i always told myself i was going to stop so somehow that made it fine.

i don't know apparantly theres a correllation between my abuse and the fact im now pretty much addicted to pornography and masturbation.

whatever, either way i'm getting out. it's messing up my life, affecting my learning (i only discovered how much better learning is without the shmutz after i was clean for a couple weeks last time around), and im entering the realm of shidduchim soon according to my mother-aunt-grandmother etc. etc. etc. :o

ok, what else...i'm in an honors course for accounting at a pretty good university right now, i guess my backround you'd call me modern yeshivish , i like cholent, and i read and surf the net a lot more than i should

thats it ok i'm going to start a whole journal. this is weird. very official.

later people.

hi d-tb, it's good to "hear" you laugh. Thanks for checkin in. Please leave B's ears alone. I don't know how he does it, but he hears everything that goes on here. Must be the l'chaims. Hatzlocho

sources tell me that Bards' ear is a 2010 Cauliflower model, veteran of many a mashup with Billy's ex-shvuger's kickboxing talmidim, with power locks and windows

still looking for the one in Great Adventures, gonna make a mint on Ebay with that one, as long as i get to it before the possums and porcupines do....
