Eved,

Your story is our story.

You sound like a real Eved Hashem. Take a seat on mizrach.

Alone it will be impossible - However, with Hashems help you can do it.

Do you have Filters etc. ?

Post away your questions and you will get help from this well informed group. What are your triggers?where do you find yourself losing?

Keep on posting.

David

Hi Eved Hashem (wannabe) ur story sounds very familiar here

Especially we should internalize what just ONE wrong move does as we see again from your story

Together with a lot of the right kind of histodlus we'll all make it.

And and shteig away.

Yours truly,

lookingforwisdom
