eye nonimous: i dont have anything to do bederech heter besides; davening learning eatting sleeping, "my wife", music.

It's not necessarily WHAT we do. It's HOW we do it. For example, do you find pleasure in your learning, or do you feel like you're just knocking your head into a wall, or uptight about it for some other reason. Do you stop to enjoy what you are doing, or is your head always worrying about WHAT'S NEXT. You get the idea?

let me help you out a little bit

first of all k9 is not a white list filter so GYE from tube and stuff like this would not be blocked

it only blocks the "categories" you choose

but in any case if you see a website that you like (that is kosher) and its blocked you can set k9 to "always allow" this web site

just enter the address of that site by "always allow"

regarding question 2,

no there is no such a thing of blocking youtube and still be able to watch youtube clips even on a different site (yideo tube)

however you will be able to watch youtube clips when converted to a different format

I personally find [www.mahnishmah.com/](http://www.mahnishmah.com/) much more interesting try it out

brother if you need help let me know i'll walk you through the setup

thanks im not alone you r a angel.

but i guess because my english is not good u did not got my first question, so ill try to be more clear and correct this time.

my question is if i can do my own list of sites who i can wach and i should not be able to wach anything else besides what i wrote in the list

the reason why i wanna do so is because even a kosher site like cnn.com has woman on it, and its imposible to a person like me that is so ???? in this ??? to see al those woman and not go after it to a porn site, so is written in ??? ????? ????? ???? ???? ???.

so now that i decided to do tshuva part of it is to make sure to minimum the encounter with non zniusdige woman even if they are still "a bit" kosher

laggvokeles i think its time to change your name like ??? ?????

anyways the filter that you want is called a white list filter which means exactly what you are looking for

although k9 is not a white list filter, you can set it so

oh

??? ??? ????? ?????????? ?????????? ????? ?? ??????? ??? ???????

(i've PM you, to help you with the setup)

Like R' Tzvi-Meyer often says, Leiv yodeya moras nafsho. The business about going to the mikvah from seeing a woman I do not understand as any type of kedusha. Even in a vague

sense.

Nu. I believe that the reason some of the yechidim of earlier generations may have gone to the mikvah after looking at a woman was not because they were perverts and were melumad in using fantasy and masturbation. Rather, I believe their motivation was something more like what the ShaLo"H hakadosh writes about in kedushas hazivug and kedushas ha'achiloh: they feared selfishness and artziyus.

They were very aware that a woman really *is* just "a real person who is a woman", and their hearts did not feel that women were really sex objects to be ogled at and used for fantasy, as we often believe.

To me, coming to actually feel in our hearts that a woman is just "a real person who is a woman", is a very high madreiga in Derech Eretz for porn users and masturbaters like me and you. That is why you are here, isn't it? If not, then why come here at all? Mashcheihu l'veis  
)!

If you do not understand what I mean by "a chidush that women are real people", just let me know, let me know, if you'd like.

BTW, truly coming to see **my own wife** as "a real person who is a woman" rather than as the candy machine for my personal pleasure (as I hid in my heart before recovery) has been very important for us and for many other people I know. It is at the root of many peoples' sex problems in marriage. Sometimes, the good, frum wife thinks her femininity is to keep her husband's YH at bay, and the husband agrees that her femininity is for him to use when he "needs some".

Yes, they are both right. But only for people like the kadmonim, for whom olam hazeh and its tayvos were a distraction. They used their bodies to help free the mind to *maintain* its focus on what they saw as their ikkar identity: their neshomah.

For any lust addict / know, the highfalutin ideals are very beautiful - but if they were really my reality, then I would not tend to replace "b'ahavosoh tishgeh tomid" with schmutz and getting fun hamidrash. (I suggest Kollel RaMo"h from my wife. In other words, for me, the starting point is admitting that I am self-centered and

my body is very powerful in my true motivations, whether I care to admit that, or not. Personally, I cannot afford to fool myself into believing that I am truly a kadosh just because I break into tears occasionally while putting on my Rabbeinu Ta"m's. Every yid has that in them, I guess.

But then, I know people who *do* all that, and then are on line desperately searching in the schmutz later that very afternoon at work (or worse). They have an excuse, and sometimes even blame their wives or the pretty women at their jobs for the fact that they cannot be "the k'doshim they really could be". Nu, I've been right there many times. All lies. Mikvoh is not the antidote to lies - *Truth* is.

If I am missing your point, please forgive me. I am just sharing my own experience with you. Perhaps what I wrote will make no sense at all to you. It may be irrelevant and useless to you and everyone else, but b"H it is working for me and others who I know. So why be kovesh it and keep it to myself?

Sorry about the megilloh. Have a great day!
