As bards suggested to me a number of months ago, it seems to me that until Laag becomes willing to go to any lengths and sacrifice anything to quit and start getting better, **he himself** is a total waste of time for you. You are trying (as I did) to pour waters of chessed over a man who is already drowning in bitterness.

i defenetly have a problem, that its very hard for me to move on evendo i want to very very much.

and talking to URAJ and getting your post dov, all this helps me i get also the "doiche" (wich is urai) and also the "yemin" (wich is u dov, i must say you do the "doiche" with your "yemin" helped).

any way by ppl atacking me or having compassion, both help me a lot.

the problem with u and bards is that u too are the genius of this site, and if your posts dont help, you feel like maybe you are not such genius maybe you cant help so much.

Stop wanting to see outcome and focus on the help even when u dont see right away that it is urai) and also the "doiche" (wich is u dov, i must say you do the "doiche" with your "yemin" helped).

good words always have a influence, sometimes faster sometimes slower, but they will reach me and every boddy allse one day (if u have kids and u tell them one of your megilot, do they right away change theyr outlook? dont u need to be pacient?)

i also have a kind of feeling, that you with this site have a emotional relation, so u get easy annoyed when your ideas and outlook are not been accepted.

If i would be as healthy as you are, and i would be here posting to help ppl be as healthy as i am, i would do it more "light" more eazzy, i would: say my opinion say what i think; who ever is lucky folows me and has a healthy life and who dosnt its hes problem, but because im a jew i would say a new nusach that maybe would have a influence on him...

We just got back from a bar mitzvah a few mminutes ago and going to bed in a few minutes, but I took a look at GYE, and violated my geder and read your post Laag.

You are being very nice, even offering a suggestion for me that is probably right. But I say to you: forget about me, to heck with me! I am my *own* problem. You just take good care of yourself now - and can worry about me later.

Was that yemin or smol?

Just take real good care of yourself. Be really, truly selfish now, and get all the help you need. Take action for your refuah even if it is dangerous and feels scary. I think it is OK to be selfish in this way right now.

Hatzlocha (and to heck with me, and even with UAJ). Laag needs a hand.

What are you saying? Are you just explaining the Chaza"l? We know this, sir. Instead of explaining, try shutting up and listening.

That is by far the nicest thing I can say to you, a man who is still deaf and blind.

Enough. It's time for you to take care of yourself for a change. You! To heck with everybody else and their way of looking at you, at themselves, at the Torah, whatever. It is all rubbish for you. The only thing that matters right now is you: take care of yourself and sacrifice what you need to in order to save yourself before you get flushed down your own toilet - while you are darsheing Chaza"ls to everyone else.

OK. so maybe that was ymin, maybe smol, but who cares?

I love you. Now shut up and do for yourself what you really need, for a change instead of just varfing arois forever.

Please do not respond to this post - just do.Do.

Laag

Are you aware that "lol" is the texting short hand for "Laughing out loud?"

For the life of me I can't figure out why you find so many things about this battle and your situation funny?
