Hashem is lifting me up

Rebbe Nahman:

It was very difficult for me to come down to you

my precious student to tell you that I had pleasure

very much from your devotion and upon you I said:

my fire will burn until

Messiah is coming be strong and courageous

in your devotion

Na Nach Nachma Nachman Meuman

And with this I will reveal to you a secret and it is:

Full and heaped up from one extreme to another extreme

And with the strengthening of your devotion you will understand it and a sign

The 17th of Tamuz they will say that you don't fast
