

A little advice .. Good luck guys!

Posted by sababa - 03 Aug 2011 12:26

I fell 3 days ago but I have advice that helped me to hold very long

Not look at all of the organ=pennis(not that I'm in the bathroom, no shower, no I'm spreading, no matter where) do not look!

Sounds a bit strange .. but it helped me

Hope to help you

Good luck my brothers!

Sababa, others have discussed this as well. You are right, this is something which if you do it, it can bring you to act out.
