So the kashya is, if he's compared to an old man because he is very smart and experienced, so why is he called a fool in the same breath?

??? ??? ?????

Maybe because in all his cleverness, there is one thing he did not think of - GYE!

Praise the Holy Lord for this great chessed.

Also like a little kid, and because (we ALL know) what he offers is B'Etzem illusion, distracting him is a legitimate way of beating him off. One of my Rebbeim says, tell the Yetzer Hora, "Okay, but... in a half hour. Let's go (Fill in the blank- learn, run/bike, etc.) first. Granted, this doesn't work every time, but it can do no harm for sure! And Taphsic forces this into your repertoire of weapons.
