

FREE GROUP CALL TUESDAY NIGHT WITH GUEST SPEAKER

Posted by Elya K - 01 Sep 2008 19:48

Tuesday night, September 2nd, our usual counselor will not be on the call because they are attending

Sheva Brochos (mazel tov). So, to give you a taste of how the

group works, I'm inviting anyone who wants to attend the phone conference to attend.

I have invited a nationally known addiction counselor to participate on the call. This counselor will give us an overview of the root causes of this addiction and the different methods available today to heal and begin recovery. It will be very informative and you may even become inspired to join, if you're lucky!

I don't want to give out the phone number publicly, so if you're interested in attending, reply to this email at yidvre@gmail.com . There is no charge, it's anonymous and you don't have to register. YOu have nothing to lose, and everything to gain. We will be sharing our experiences and you can listen in or participate if you wish. I will give each of you a time limit depending on how many people are on the call. :-X
