

Ten men, net 10 prayin

Posted by Josephsbrother - 24 Jan 2016 03:45

We have groups, we chat, where is the net of ten for prayer! Group 169, we have not all posted even once, that we pray for each other, Sodom would have been spared if ten could have been found, shall we rewrite Torahs history In our day, I pray for you all. I hope to post it 10 times+Xs. I know my prayers are heard the rain comes when I pray, the rain stops when I pray, There are witnesses locally to the fact. Our Creator several times start rain when I arrive at home. There are times when every break, and lunch break had rain, but at work time it did not rain. There have been times when within five miles of two places rain would come where needed, and no rain where not needed. Also even over the rented trailer we live the back yard has had rain, and the front yard no rain, the back yard is where our small garden is.

Are you claiming to be a prophet or a miracle worker? Because that is very absurd.

Dear "Shlomo24" Calm yourself, I am not a prophet or a miracle worker, but this human thought I shared has around 44 years of seeing our Elohim work, He is true to His promises, and He is unchangable, and He is forever, and His mercy is everlasting. As to whether Jews can claim His promises, I will leave to you bold ones to answer how foolish for the people of HaShem to seek His face. Yet I am making clear, if The Almighty can use asses to speak to men, then I am not absurd in ten men having a voice with our King, based on His promises. Yet you have a point, I am of the family of Adam, and Noah, but I see the mercy to a gleaner in the fields, Ruth, not a Israel by birth. Even Noah had two sons who turned from his nakedness. And what if I am a

great grandson, of Ham, but in this Guard your Eyes fortress I in the strength of your Eternally Blessed Elohim have overcomes each of 40 days, as the spies stated they could not enter the land, that would be foolish, yet two others said it was possible, and they entered. If I choose to remain in your fortress, your Infinite One, then even if I get rebuked for believing in your Maker, it is alright, for though a prophet has come to bones, yet his bones One can use to bring to life again, yet your prophet Moses is alive, at least some say so. Shalom, bless the house of Israel, your forefathers inspire some of children of small island tribes, and we are being your farmers in the refresh garden of Eden. If we have 49 year sabbath, and a 50th year Shabbat when we reach the Sabbath of a thousand years, will your slaves be able to rest with the sons of the Infinite King?

A man of the 70 nations brings his hand as a son, comes to prayer with a minyan of men who sometimes win over lust, moment by moment, these men know the One, they pray as one, and they have many here delivered, I come to pray with them, or at least garden their gardens, and see HaShem answer their many prayers of 10. A watcher, a candle to declare the Awesome Wonder of The Maker with His chosen people. Though I am a feeble witness, I am, I have, and I the future shall better share true stories of the Present Elohim of Adam, and His chosen people to bless all nations.
