I am not in charge, IT25 is. I don't want to go behind his back. There's probably a reason why he didn't send it out to everyone.

I'm sure he'll be on line later...

As I said, you're not missing much. Just singing, Uri playing guitar, and some CRAPPY-sounding drumming.

I may have sounded OK live, but it came out ruining the recording.

CRAP! CRAP! CRAP!

AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHHHHHHHHH!

Ah lighten up, will you. The recording is for the purpose of giving chizuk, not trying to sell a goddamn record. ;D ;D ;D ;D

EDIT:

P.S. This is my 500th Post!!!!!! :D :D I've officially wasted 7 days, 2 hours and 5 minutes on this forum! Ok, ok, maybe wasted wasn't quite the right word. :D

I'd like to apologize, even though it's not my fault.

I am listening to the second kumsitz. It's great, except for the drumming, which is me. Oh, I think the drumming itself was fine, but it somehow came out like cr** on the tape. Very loud and tinny sounding. Basically, the drumming ruins the MP3 file and makes it inaudible.

:-[:'(

IT25, either we have to work on the recording placement, or I'll leave my drum at home next time.

Chillax Momo. Like Uri said; Its a kumzitz, not a professional recording. It came out fine. There no leaving your drum at home. No no. I have a theory why it happened and im going to be more

Screw that!! Where's the link??!?!! ??? ??? ???

I got a private email with the link. I'll let IT25 to decide when to publicize it, if ever. (insert evil laugh here...)

The kumzitz is actually going through the process of being approved. There was a something that needs some editing so we are waiting on that. Trust me i wanna get it out there as soon as i can. I guess the longer you wait the better, eh. Insert evil laugh HERE!
